1. Introduction

1.1 Purpose

This FRD specifies the detailed, testable behaviour of the Department Management sub-module: the department list, the add / edit department dialog and the Manage members dialog – their inputs, outputs, rules, validations, messages and permissions – and how department membership drives derived managers and manager teams.

1.2 Scope

In scope: listing and searching departments with member counts; adding, editing and deleting departments; choosing each department's managers and employees; derived managers and manager teams based on membership.

Out of scope (BRD section 3.2): a read-only member list for users who cannot manage members; a Department filter on the employee list; nested departments; paging of the department list.

1.3 Audience

Developer, tester, reviewer and product owner of TaskFlow (all Jojo George).

1.4 Conventions

- Requirement IDs: `FR-DEPT-nn`. Use cases: `UC-DEPT-nn`. Business rules: `BR-DEPT-nn` (Department Management BRD) and `BR-nn` (overall BRD). BRD requirements: `REQ-DEPT-nn`.
- Priority: **Must / Should / Could** (MoSCoW), taken from the BRD requirement traced.
- "The system shall ..." = mandatory behaviour.
- `{name}`, `{department}`, `{n}`, `{id}` in messages are replaced by the real values.
- Permission "System" = a rule the system applies whatever the user's permissions.

1.5 Definitions & Abbreviations

Term	Meaning
Department	A flat group of managers and employees
Live department	A department that has not been deleted
Department manager	An active person with the Manager role who manages a department
Department employee	An active person who belongs to a department
Derived manager	A manager worked out from a person's departments (and projects), never typed in
Manager's team	People in the departments a Manager manages plus people on the projects they manage

© 2026 Jojo George. All rights reserved. · jojogeorge3344@gmail.com

Term	Meaning
Department action permission	Any of `departments.create`, `departments.edit`, `departments.delete`, `departments.members.manage`
Soft delete	Hiding a record from every list while keeping it
Scope	Own / Team / Organisation data visibility; Department Management is Organisation

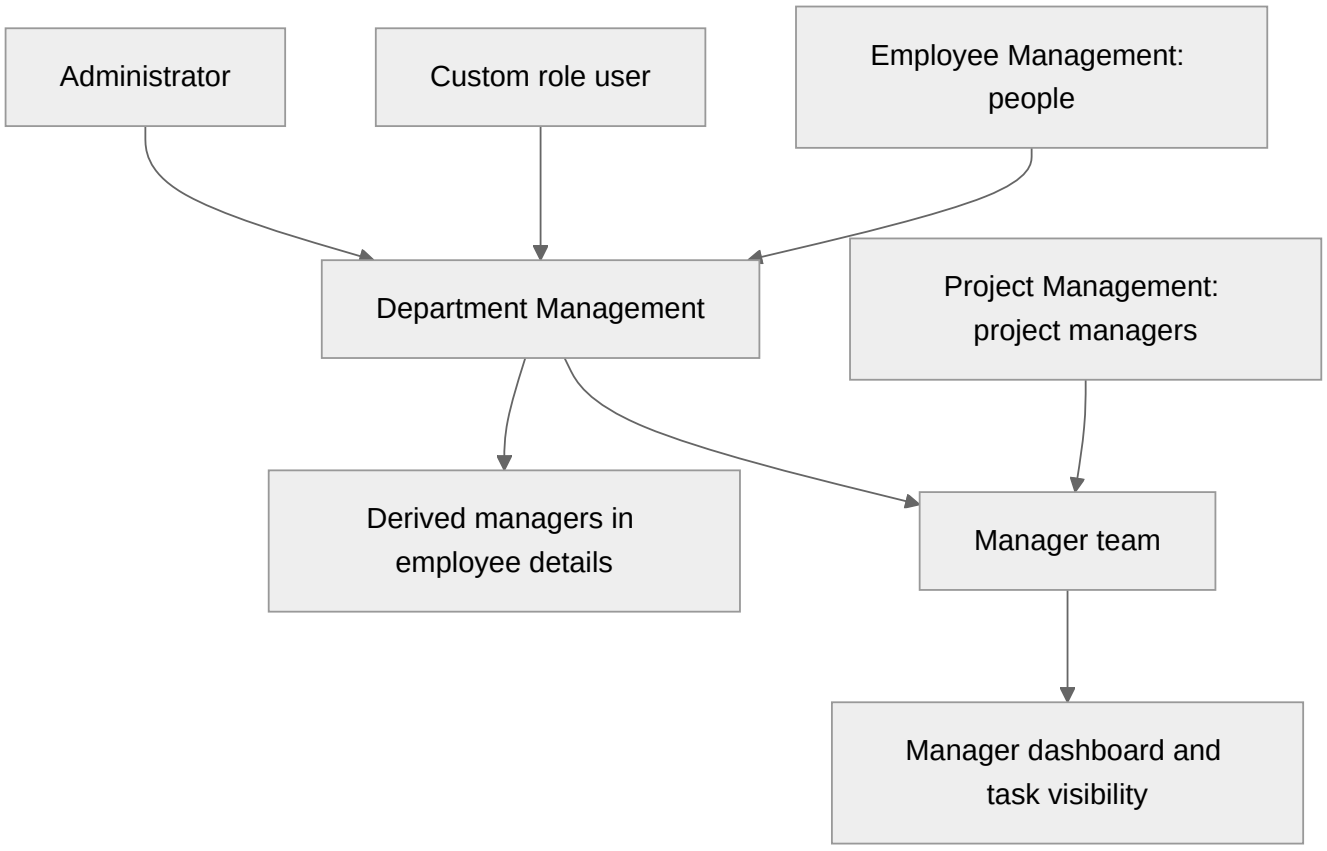

2. System Overview

2.1 Module Map

Code	Module	Child modules / screens	Primary roles
DEPT	TaskFlow Management → Department Management (this FRD)	Department Management list, Add / Edit department (dialog), Manage members (dialog)	Administrator, custom roles with department action permissions
EMP	Employee Management (related)	Supplies people for Manage members; sets first memberships when an employee is added; shows derived managers	Administrator
PROJ	Project Management (related)	Combined with department managers to form a manager's team	Administrator, Manager
DASH / TASK	Dashboard, Task Management (related)	Use the manager's team; the organisation dashboard counts departments	All roles as permitted

© 2026 Jojo George. All rights reserved. · jojogeorge3344@gmail.com

2.2 Context Diagram

3. User Roles & Permissions

3.1 Roles

Role	Description	Data scope
Administrator	Adds, edits and deletes departments; manages members	Organisation
Manager	Holds `departments.view` only; no menu item or screen here, but other screens (for example the employee form) list departments with it; can be a department manager	Organisation list, read only, through other screens
Employee	No access to this sub-module; can be a department member	None
Custom role	Sees the screen only with at least one department action permission; can do what it is granted	As granted (Organisation)

3.2 Permission Matrix (functional view)

Module › Function	Permission key	Administrator	Manager	Employee	Custom role
Departments › View list and counts	`departments.view`	Granted	Granted	Denied	Configurable
Departments › Add department	`departments.create`	Granted	Denied	Denied	Configurable
Departments › Edit department	`departments.edit`	Granted	Denied	Denied	Configurable

© 2026 Jojo George. All rights reserved. · jojogeorge3344@gmail.com

Module › Function	Permission key	Administrator	Manager	Employee	Custom role
Departments › Delete department	`departments.delete`	Granted	Denied	Denied	Configurable
Departments › Manage members	`departments.members.manage`	Granted	Denied	Denied	Configurable
Employees › People list in Manage members (supporting)	`employees.view`	Granted	Granted	Denied	Configurable

Every key except `departments.view` also requires `departments.view`. Older roles may still hold `departments.manage`, which acts like the finer department keys it was split into.

---

4. Functional Requirements by Module

4.1 Module: Department Management (DEPT)

Purpose: Organise managers and employees into departments so that reporting lines and manager teams follow automatically. · **BRD reference:** BRD-Department-Management SCREEN 1–3, BR-DEPT-01 – BR-DEPT-10; overall BR-06, BR-21

4.1.1 Screen: Department Management (list)

Field	Value
Route / location	`/departments` – menu **TaskFlow Management → Department Management**
Access	Administrator; custom roles holding at least one department action permission (list data needs `departments.view`). Manager and Employee: no access (menu hidden, route redirects to their dashboard)
Entry points	Side menu

Change from original BRD (Screen 6): the employee count is split into manager and employee counts; the people are seen and changed in the Manage members dialog; deletion is blocked while the department has any member and is a soft delete; department managers and the Manage members dialog are new; the Department filter on the employee list is not offered (see section 10).

Screen elements

Element	Type	Description	Mandatory	Visible to
Department count	Header text	Number of departments	–	All with screen access
Add department	Button	Opens the Add department dialog	–	Users with `departments.create`
Search by name	Text input	Filters the cards on screen	No	All with screen access

© 2026 Jojo George. All rights reserved. · jojogeorge3344@gmail.com

Element	Type	Description	Mandatory	Visible to
Department card	Card	Name, description ("No description" when empty), "{n} managers · {n} employees"	–	All with screen access
Manage members	Card icon (people)	Opens the Manage members dialog	–	Users with `departments.members.manage`
Edit	Card icon (pencil)	Opens the Edit department dialog	–	Users with `departments.edit`
Delete	Card icon (trash)	Deletes an empty department; tooltip "Remove its managers and employees before deleting" when it has members	–	Users with `departments.delete`

Functional requirements

ID	Requirement	Priority	Permission	BRD trace
FR-DEPT-01	The system shall show every live department as a card with its name, description and "{n} managers · {n} employees".	Must	`departments.view`	REQ-DEPT-01, BR-DEPT-03
FR-DEPT-02	The system shall show "No description" on a card whose department has no description.	Could	`departments.view`	REQ-DEPT-02
FR-DEPT-03	The system shall show the number of departments in the header.	Should	`departments.view`	REQ-DEPT-03
FR-DEPT-04	The system shall narrow the cards on screen to departments whose name contains the search text.	Should	`departments.view`	REQ-DEPT-04
FR-DEPT-05	The system shall show the Department Management menu item and open `/departments` only for users holding at least one department action permission, and redirect other users (including Managers holding only `departments.view`) to their dashboard.	Must	Any department action permission	REQ-DEPT-05
FR-DEPT-06	The system shall show **Add department**, **Manage members**, **Edit** and **Delete** only to users holding `departments.create`, `departments.members.manage`, `departments.edit` and `departments.delete` respectively.	Must	As listed	REQ-DEPT-06
FR-DEPT-07	The system shall refuse every department action requested without the matching permission, even when requested outside the screen, and show the action's failure message.	Must	As listed	REQ-DEPT-06, NFR-DEPT-02, BR-04
FR-DEPT-08	The system shall do nothing when **Delete** is clicked on a department that has any manager or employee, and show the tooltip "Remove its managers and employees before deleting".	Must	`departments.delete`	REQ-DEPT-07, BR-DEPT-02, NFR-DEPT-03

© 2026 Jojo George. All rights reserved. · jojogeorge3344@gmail.com

ID	Requirement	Priority	Permission	BRD trace
FR-DEPT-09	The system shall check again at delete time and refuse with "Department cannot be deleted because it still has members. Remove them first." if members were added meanwhile.	Must	System	REQ-DEPT-07, BR-DEPT-02
FR-DEPT-10	The system shall ask "Delete department?" – ""{name}" will be permanently deleted." before deleting an empty department, then hide it by soft delete and show "{name} deleted".	Must	`departments.delete`	REQ-DEPT-08, BR-DEPT-03, BR-21
FR-DEPT-11	The system shall allow the name of a deleted department to be used again for a new or renamed department.	Should	System	REQ-DEPT-09, BR-DEPT-01
FR-DEPT-12	The system shall show "No departments yet – Add the first department to start grouping managers and employees." when there are none, "Could not load departments. Check your connection and try again." when loading fails, and "Could not delete the department." when a delete is refused.	Could	`departments.view`	REQ-DEPT-10

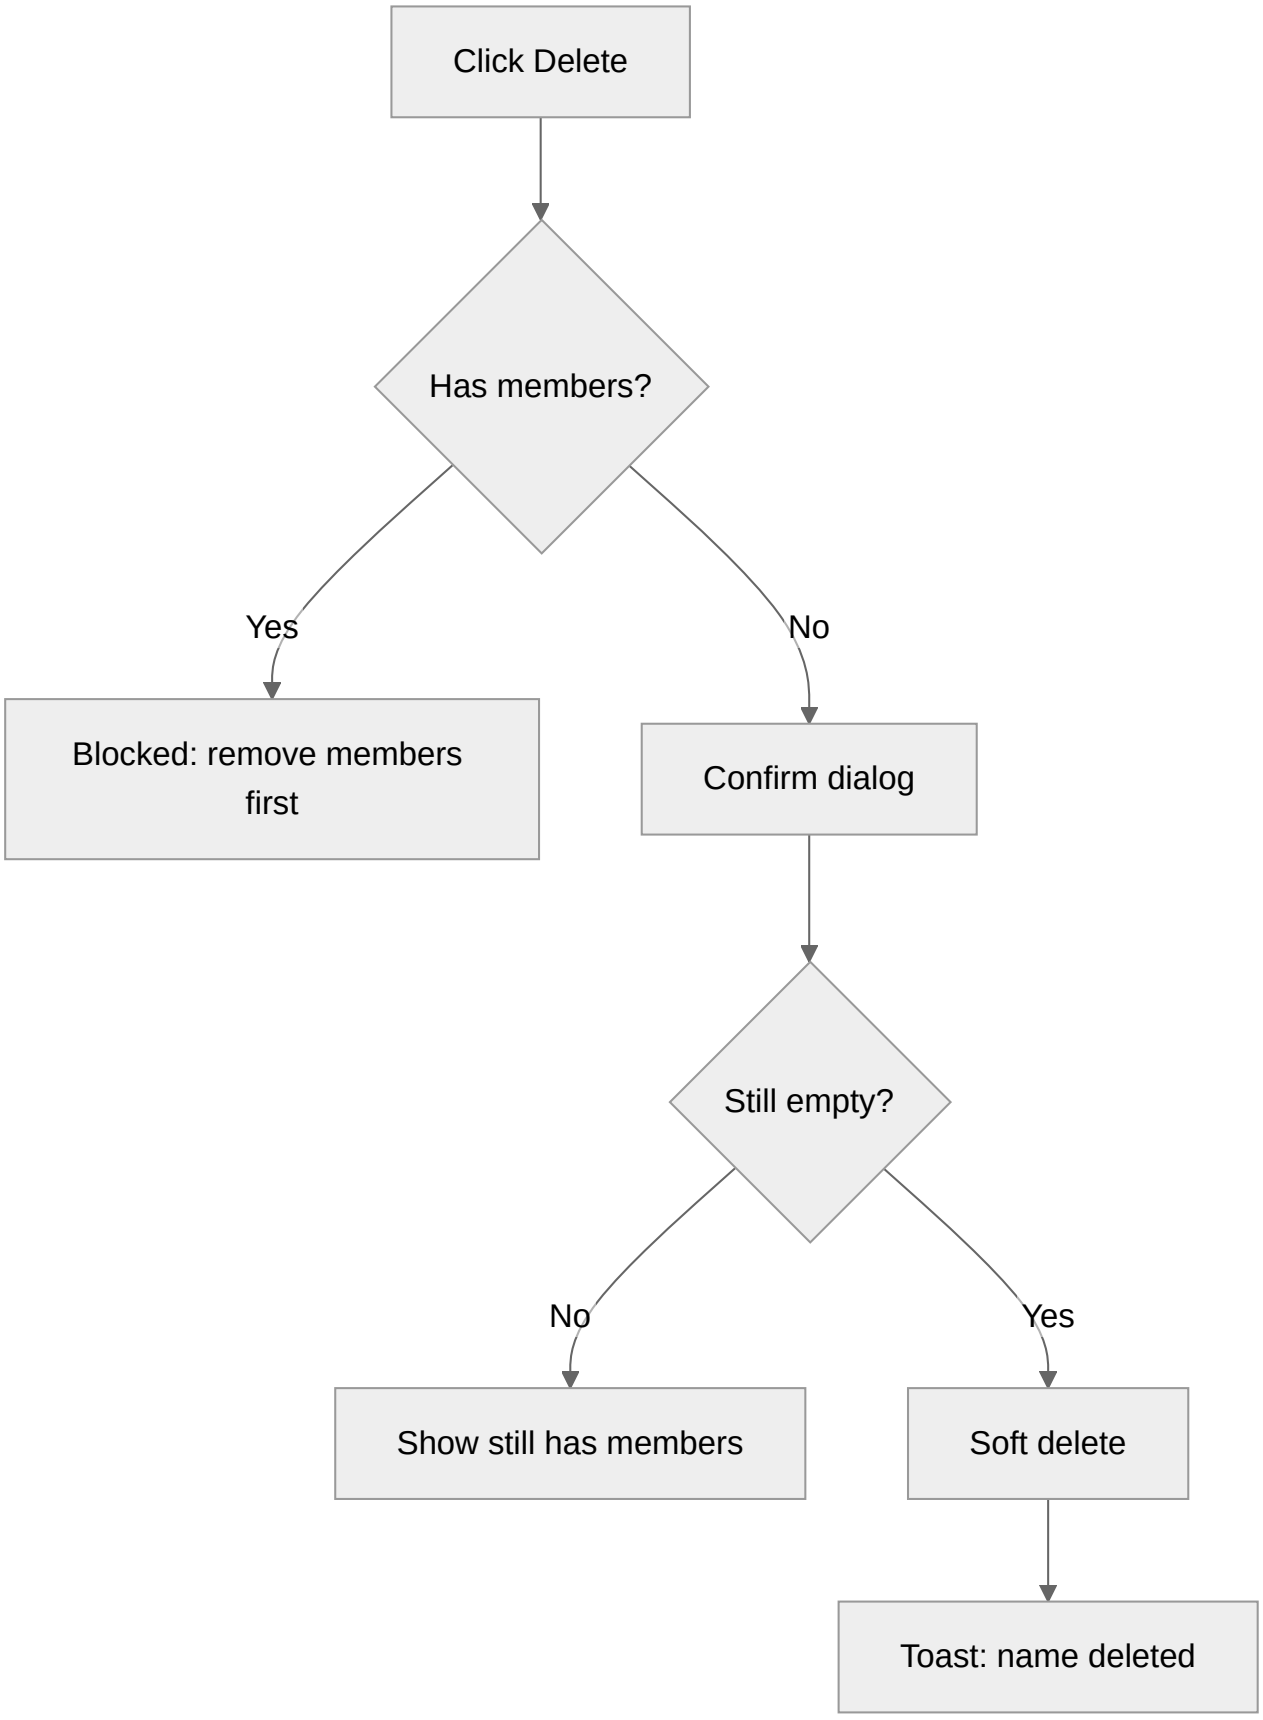

Use case: UC-DEPT-01 – Browse departments

Item	Detail
Actor	Administrator
Preconditions	Signed in with MFA; holds a department action permission and `departments.view`
Trigger	Opens **TaskFlow Management → Department Management**
Main flow	1. System shows the count and one card per live department with manager and employee counts. 2. Administrator types in **Search by name**. 3. System narrows the cards.
Alternate flows	–
Exceptions	E1: no departments → empty-state message. E2: load fails → "Could not load departments. Check your connection and try again." E3: user without an action permission opens `/departments` → redirected to their dashboard.
Postconditions	None (read only).

Use case: UC-DEPT-02 – Delete a department

Item	Detail
Actor	Administrator
Preconditions	Holds `departments.delete`
Trigger	Clicks **Delete** on a card
Main flow	1. System checks the card has no members. 2. System asks "Delete department?". 3. Administrator confirms. 4. System checks again, soft-deletes the department and shows "{name} deleted".
Alternate flows	A1: the department has members → nothing happens; the tooltip explains why.
Exceptions	E1: members added meanwhile → "Department cannot be deleted because it still has members. Remove them first." E2: other failure → "Could not delete the department."
Postconditions	Department hidden; its name can be reused.

© 2026 Jojo George. All rights reserved. · jojogeorge3344@gmail.com

Field validations: *Not applicable for this screen* (no input other than search).

Business rules applied: BR-DEPT-01 – BR-DEPT-03; BR-21

© 2026 Jojo George. All rights reserved. · jojogeorge3344@gmail.com

Notifications / side effects

Event	Who is notified	Channel
Department deleted	Nobody	– (no notification, no email)

Messages

Situation	Message
Deleted	"{name} deleted"
Delete refused	"Department cannot be deleted because it still has members. Remove them first." · "Could not delete the department."
No permission	Menu hidden; `/departments` redirects to the dashboard; buttons hidden without their permission

4.1.2 Screen: Add / Edit Department (dialog)

Field	Value
Route / location	Dialog on `/departments` – **Add department** / **Edit department**
Access	Administrator; custom roles with `departments.create` (add) or `departments.edit` (edit). Manager and Employee: no access
Entry points	**Add department** button; **Edit** on a card

Change from original BRD (Screen 6): "Allow administrators to create / edit departments" and "Prevent duplicate department names" are kept; uniqueness ignores case and applies to live departments only.

Screen elements

Element	Type	Description	Mandatory	Visible to
Name	Text input	Department name	Yes	Users with `departments.create` / `departments.edit`
Description	Text area	Optional description	No	Same
Add department / Save changes	Button	Submits the dialog	–	Same

Functional requirements

ID	Requirement	Priority	Permission	BRD trace
FR-DEPT-13	The system shall create a department only with a name of at most 200 characters and an optional description of at most 500 characters.	Must	`departments.create`	REQ-DEPT-11, BR-DEPT-01
FR-DEPT-14	The system shall reject a name already used by a live department, ignoring case, with "Department name already exists."	Must	System	REQ-DEPT-12, BR-DEPT-01

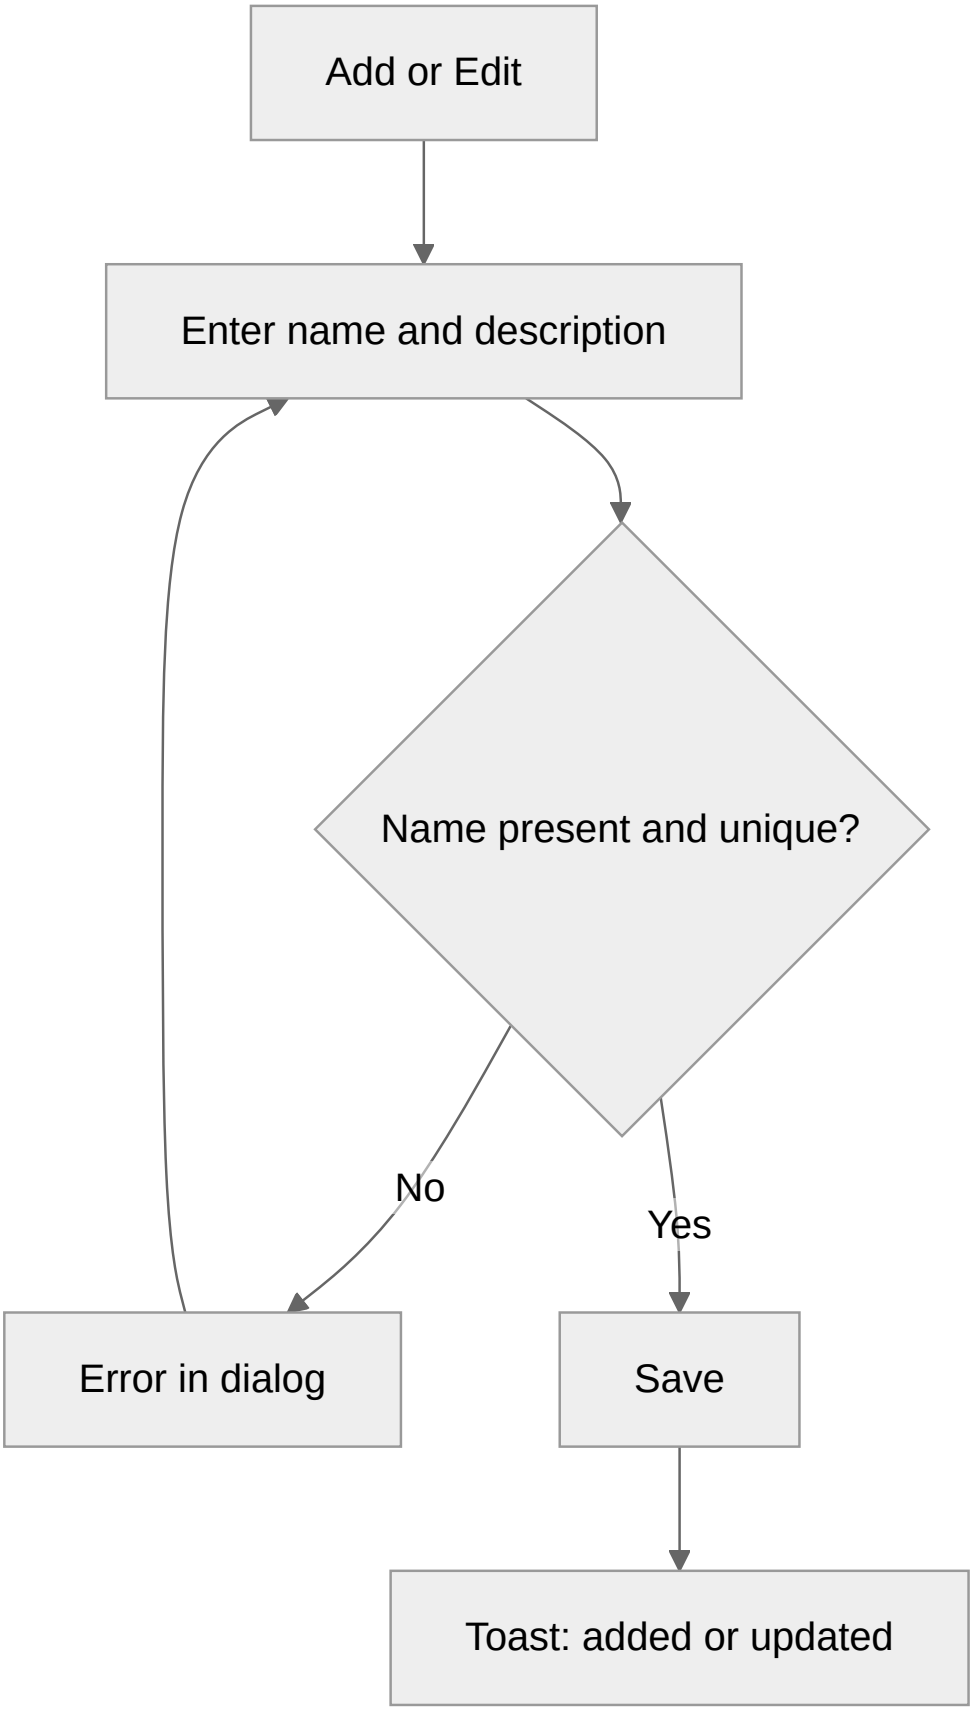

© 2026 Jojo George. All rights reserved. · jojogeorge3344@gmail.com

ID	Requirement	Priority	Permission	BRD trace
FR-DEPT-15	The system shall let the user change a department's name and description under the same rules.	Must	`departments.edit`	REQ-DEPT-13
FR-DEPT-16	The system shall confirm a save with "{name} added" or "{name} updated" and refresh the list, or show "Could not add the department." / "Could not update the department." when refused.	Should	`departments.create`, `departments.edit`	REQ-DEPT-14

Use case: UC-DEPT-03 – Add or edit a department

Item	Detail
Actor	Administrator
Preconditions	Holds `departments.create` (add) or `departments.edit` (edit)
Trigger	Clicks **Add department**, or **Edit** on a card
Main flow	1. System opens the dialog (empty, or with saved values). 2. Administrator enters Name and optional Description. 3. Clicks **Add department** or **Save changes**. 4. System checks the name is present and unique ignoring case, and saves. 5. System shows "{name} added" or "{name} updated".
Alternate flows	A1: the name of a deleted department is entered → accepted.
Exceptions	E1: name missing → "Name is required." E2: duplicate → "Department name already exists." E3: refused → "Could not add the department." / "Could not update the department."
Postconditions	Department listed with the new values.

Field validations

© 2026 Jojo George. All rights reserved. · jojogeorge3344@gmail.com

Field	Rule	Error message
Name	Required; at most 200 characters; unique among live departments, ignoring case	"Name is required." · "Department name already exists."
Description	Optional; at most 500 characters	⚠️ To be confirmed: exact over-length message not recorded

Business rules applied: BR-DEPT-01

Notifications / side effects

Event	Who is notified	Channel
Department added or edited	Nobody	–

Messages

Situation	Message
Success	"{name} added" · "{name} updated"
Refused	"Could not add the department." / "Could not update the department."

4.1.3 Screen: Manage Members (dialog)

Field	Value
Route / location	Dialog on `/departments` – **Manage members**
Access	Administrator; custom roles with `departments.members.manage` (the people list also needs `employees.view`). Manager and Employee: no access
Entry points	**Manage members** on a card

Change from original BRD (Screen 6): new screen; the original BRD has no department managers or member dialog.

Screen elements

Element	Type	Description	Mandatory	Visible to
Search	Text input	"Search by name or username"	No	Users with `departments.members.manage`
Sort	Drop-down	Name A to Z, Name Z to A, Selected first, Role	No	Same
People list	Tick-box list	Active Managers and Employees; current members ticked; "Inactive" badge on current members no longer active	–	Same
Selected count	Text	"{n} selected"	–	Same
Select all shown / Clear shown	Button	Ticks or unticks the people currently shown	–	Same

© 2026 Jojo George. All rights reserved. · jojogeorge3344@gmail.com

Element	Type	Description	Mandatory	Visible to
Clear all	Button	Unticks everyone	–	Same
Save members	Button	Saves the membership	–	Same

Functional requirements

ID	Requirement	Priority	Permission	BRD trace
FR-DEPT-17	The system shall list every active person with the Manager or Employee role for selection, with the department's current managers and employees ticked.	Must	`departments.members.manage`, `employees.view`	REQ-DEPT-15
FR-DEPT-18	The system shall keep current members who are no longer active in the list, ticked, with an "Inactive" badge.	Should	`departments.members.manage`	REQ-DEPT-16
FR-DEPT-19	The system shall narrow the people list to names or usernames containing the search text.	Should	`departments.members.manage`	REQ-DEPT-17, NFR-DEPT-04
FR-DEPT-20	The system shall sort the people list by Name A to Z, Name Z to A, Selected first, or Role.	Could	`departments.members.manage`	REQ-DEPT-18, NFR-DEPT-04
FR-DEPT-21	The system shall show "{n} selected" and offer **Select all shown / Clear shown** and **Clear all**.	Could	`departments.members.manage`	REQ-DEPT-19, NFR-DEPT-04
FR-DEPT-22	The system shall show "There are no active managers or employees to pick from." when no active Manager or Employee exists, and "Could not load the department members." when loading fails.	Should	`departments.members.manage`	REQ-DEPT-15
FR-DEPT-23	The system shall save each ticked person with the Manager role as a department manager and every other ticked person as a department employee.	Must	`departments.members.manage`	REQ-DEPT-20
FR-DEPT-24	The system shall accept as department managers only active people with the Manager role, refusing others with "User {id} is not an active manager."	Must	System	REQ-DEPT-21, BR-DEPT-04
FR-DEPT-25	The system shall accept as department employees only active people, refusing others with "User {id} is not an active user."	Must	System	REQ-DEPT-22, BR-DEPT-04
FR-DEPT-26	The system shall refuse the whole save if any picked person is not valid, changing nothing.	Must	System	REQ-DEPT-23, BR-DEPT-05, NFR-DEPT-01
FR-DEPT-27	The system shall replace the department's managers and employees in one step and change no other department's members.	Must	`departments.members.manage`	REQ-DEPT-24, BR-DEPT-05, NFR-DEPT-01
FR-DEPT-28	The system shall allow a person to belong to several departments.	Must	System	REQ-DEPT-25, BR-DEPT-06

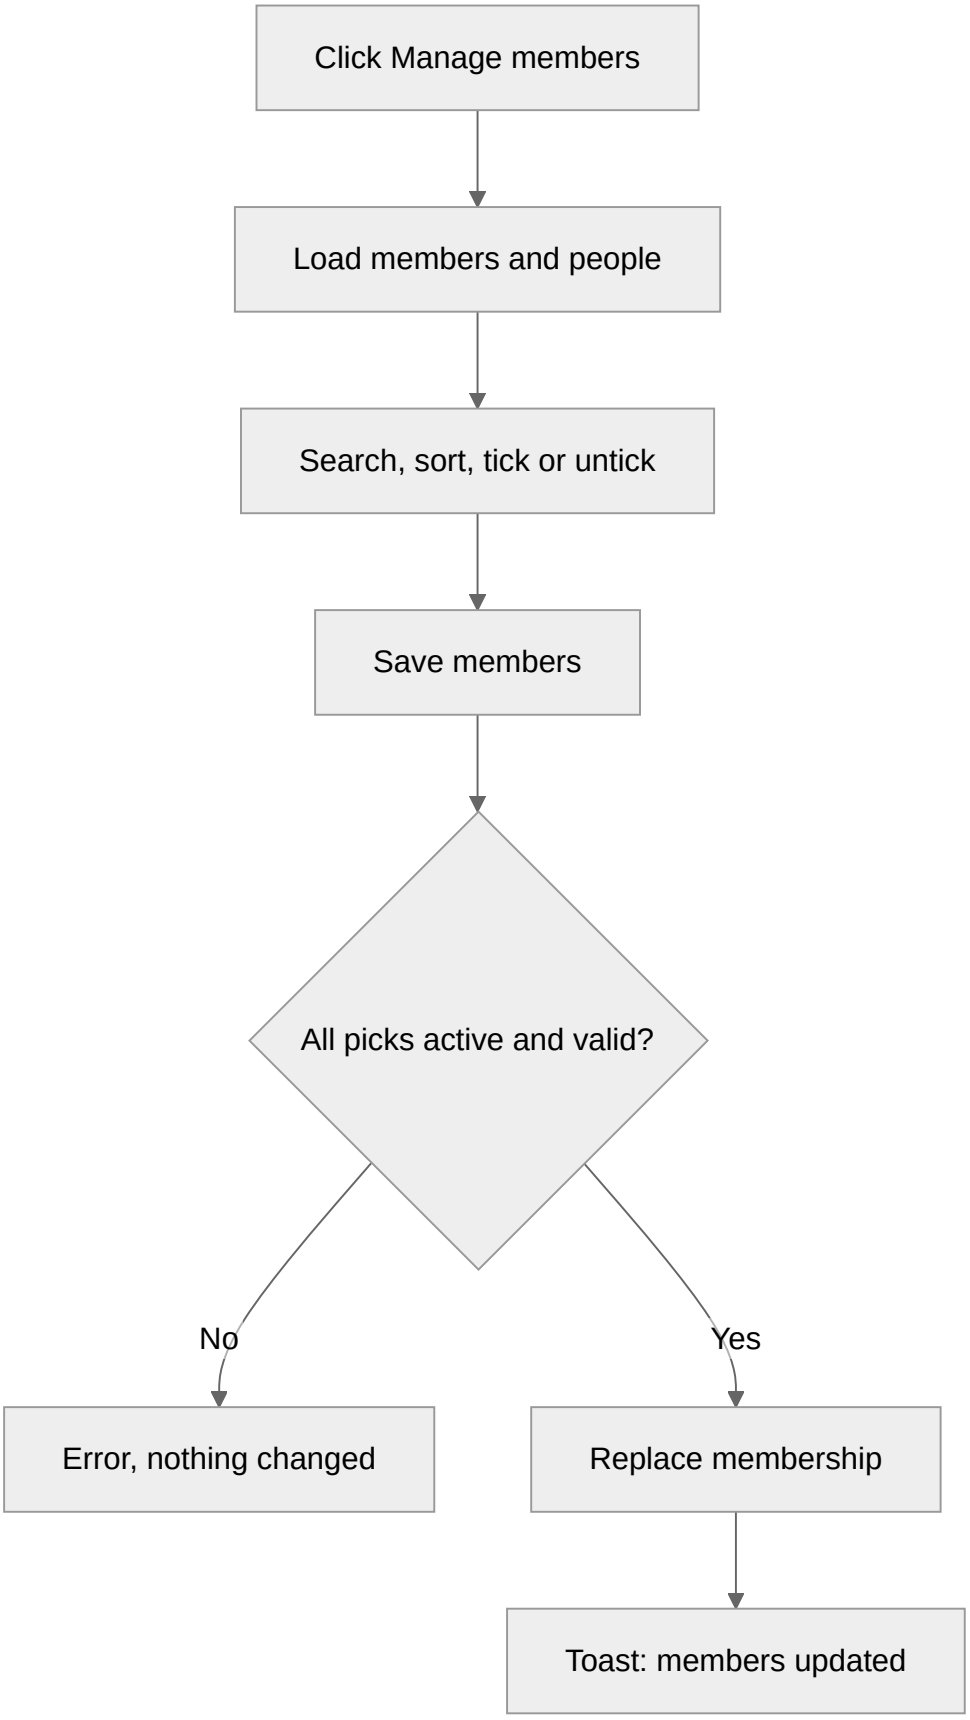

© 2026 Jojo George. All rights reserved. · jojogeorge3344@gmail.com

ID	Requirement	Priority	Permission	BRD trace
FR-DEPT-29	The system shall show the department's managers as the managers of every employee in that department (for example in the Employee details panel), without any typed "reports to" value.	Must	System	REQ-DEPT-26, BR-DEPT-07
FR-DEPT-30	The system shall include everyone in the departments a Manager manages in that Manager's team, which the manager dashboard and task visibility use.	Must	System	REQ-DEPT-26, BR-DEPT-08
FR-DEPT-31	The system shall confirm a save with "{department} members updated", or show "Could not save the department members." when it fails.	Should	`departments.members.manage`	REQ-DEPT-27
FR-DEPT-32	The system shall store departments ticked when an employee is first added (Employee Management) as the same memberships, which are then changed only in Manage members.	Must	System	BR-DEPT-09
FR-DEPT-33	The system shall remove a person as department manager automatically when they stop being a Manager or are deleted.	Must	System	BR-DEPT-10

Use case: UC-DEPT-04 – Manage department members

Item	Detail
Actor	Administrator
Preconditions	Holds `departments.members.manage` and `employees.view`
Trigger	Clicks **Manage members** on a card
Main flow	1. System loads current members and every active Manager and Employee. 2. Administrator searches, sorts and ticks or unticks people; "{n} selected" updates. 3. Clicks **Save members**. 4. System checks every picked manager is an active Manager and every employee is active. 5. System replaces this department's membership in one step. 6. System shows "{department} members updated".
Alternate flows	A1: **Select all shown / Clear shown** or **Clear all** used for bulk selection. A2: all people unticked → the department becomes empty and can be deleted.
Exceptions	E1: a ticked current member has become inactive → save refused with "User {id} is not an active user." (or "... is not an active manager."), nothing changed. E2: nobody to pick → "There are no active managers or employees to pick from." E3: save fails → "Could not save the department members."
Postconditions	Membership replaced; derived managers and manager teams follow at once.

5. Cross-Module Workflows

5.1 Department membership drives reporting lines

Step	Module	Actor / System	Action	FR reference
1	DEPT	Administrator	Adds department *Engineering*	FR-DEPT-13
2	DEPT	Administrator	Ticks Ravi Menon (Manager), Anu Thomas and Arun K (Employees) and saves	FR-DEPT-23 – FR-DEPT-27
3	EMP	System	Shows Ravi as the manager of Anu and Arun in their employee details	FR-DEPT-29, FR-EMP-32
4	DASH / TASK	System	Ravi's manager dashboard and task visibility include Anu and Arun	FR-DEPT-30; Dashboard FRD

© 2026 Jojo George. All rights reserved. · jojogeorge3344@gmail.com

5.2 Removing a department

Step	Module	Actor / System	Action	FR reference
1	DEPT	Administrator	Clicks **Delete** on *Pilot Team*, which has 1 employee	FR-DEPT-08
2	DEPT	Administrator	Unticks the employee in Manage members and saves	FR-DEPT-27
3	DEPT	Administrator	Deletes *Pilot Team*	FR-DEPT-10
4	DEPT	Administrator	Later creates a new *Pilot Team*	FR-DEPT-11

5.3 A Manager is demoted

Step	Module	Actor / System	Action	FR reference
1	EMP	Administrator	Changes a department manager's role to Employee	FR-EMP-59
2	DEPT	System	Removes them as department manager	FR-DEPT-33

6. Reports & Exports

Not applicable for this sub-module. The card counts (managers and employees) are the only summary shown here.

7. Notifications & Messages Catalogue

Department actions send no notification and no email. Success messages:

Code	Trigger	Recipients	Channel	Text
M-DEPT-01	Department added	Acting user	Toast	"{name} added"

© 2026 Jojo George. All rights reserved. · jojogeorge3344@gmail.com

Code	Trigger	Recipients	Channel	Text
M-DEPT-02	Department updated	Acting user	Toast	"{name} updated"
M-DEPT-03	Department deleted	Acting user	Toast	"{name} deleted"
M-DEPT-04	Members saved	Acting user	Toast	"{department} members updated"

8. Data Requirements (functional view)

Data item	Description	Created by	Rules
Department	Name and description	Administrator	Name required, at most 200, unique among live departments ignoring case; description at most 500; soft delete; name reusable after delete
Department manager link	Which Managers manage the department	Administrator (Manage members)	Active Manager role only; removed when the person stops being a Manager or is deleted
Department membership	Which employees belong to the department	Administrator (Manage members or Add employee)	Active people only; a person may be in several departments
Derived managers / manager's team	Worked out from the links above (and project managers)	System	Never typed in

9. Non-Functional Requirements (functional impact)

The global NFRs of the overall BRD apply (notably NFR-08 server validation, NFR-12 usability).

ID	Requirement	Affects
NFR-DEPT-01	A member save stores every change or none	FR-DEPT-26, FR-DEPT-27
NFR-DEPT-02	Permission checks are enforced by the server	FR-DEPT-07
NFR-DEPT-03	A blocked delete explains the fix	FR-DEPT-08
NFR-DEPT-04	Member selection supports search, sorting, select all shown and a selected count	FR-DEPT-19 – FR-DEPT-21

10. Assumptions & Open Issues

Type	Description	Owner
Assumption	Departments are a flat list; there is no hierarchy.	Jojo George

© 2026 Jojo George. All rights reserved. · jojogeorge3344@gmail.com

Type	Description	Owner
Assumption	Only the Manager and Employee roles are offered in the member dialog.	Jojo George
Open issue	⚠️ To be confirmed: whether the original BRD's Department filter on the employee list is still wanted (the list filters by project).	Jojo George
Open issue	⚠️ To be confirmed: Administrators and custom-role users can never be picked as members, because the dialog lists only Managers and Employees (R-DEPT-02).	Jojo George
Open issue	⚠️ To be confirmed: whether a read-only member view is needed for users without `departments.members.manage` (R-DEPT-03).	Jojo George
Open issue	⚠️ To be confirmed: the empty-state **Add department** button may show to users without `departments.create`; the server refuses the save (R-DEPT-04).	Jojo George
Open issue	⚠️ To be confirmed: the delete confirmation says "permanently deleted" although deletion is a soft delete.	Jojo George
Open issue	A custom role with `departments.members.manage` but without `employees.view` sees an empty people list (R-DEPT-05).	Jojo George

11. Requirements Traceability Matrix

Test evidence lists the automated test suites whose names match the behaviour; their contents were not available (⚠️ To be confirmed). "Manual UI" = screen behaviour checked by hand.

BRD item	FRD requirement(s)	Screen	Use case	Test case
REQ-DEPT-01	FR-DEPT-01	4.1.1	UC-DEPT-01	DepartmentsEndpointsTests
REQ-DEPT-02	FR-DEPT-02	4.1.1	UC-DEPT-01	Manual UI
REQ-DEPT-03	FR-DEPT-03	4.1.1	UC-DEPT-01	Manual UI
REQ-DEPT-04	FR-DEPT-04	4.1.1	UC-DEPT-01	Manual UI
REQ-DEPT-05	FR-DEPT-05	4.1.1	UC-DEPT-01	Manual UI
REQ-DEPT-06	FR-DEPT-06, FR-DEPT-07	4.1.1	UC-DEPT-01	DepartmentsEndpointsTests
REQ-DEPT-07	FR-DEPT-08, FR-DEPT-09	4.1.1	UC-DEPT-02	DepartmentsEndpointsTests
REQ-DEPT-08	FR-DEPT-10	4.1.1	UC-DEPT-02	DepartmentsEndpointsTests
REQ-DEPT-09	FR-DEPT-11	4.1.1	UC-DEPT-02, UC-DEPT-03	DepartmentsEndpointsTests
