Legal Module – Functional Workflow

Project: TaskFlow – Intelligent Task Allocation & Tracking System
Module: Legal · **Child Modules:** Legal Documents, Legal Footer and Ownership Notice
Version: 1.0 · **Last Updated:** 31-Oct-2026
Author: Jojo George (jojogeorge3344@gmail.com)

1. Module Overview

The Legal module publishes TaskFlow's five legal documents (Copyright Notice, Terms of Use, Privacy Policy, Disclaimer and Third-Party Licence Notices). It also shows the copyright footer at the bottom of the sign-in screen, the account recovery screen and every screen inside the application. It is a small, read-only module: nobody enters or changes data here.

2. Purpose / Business Value

- Makes clear who owns TaskFlow ("© 2026 Jojo George. All Rights Reserved.") and what users may and may not do with it.
- Tells users what data TaskFlow keeps, where it is stored, and when assistant questions are sent to an outside AI provider.
- Credits the open-source components TaskFlow is built on and states their licences.
- Uses a single owner/contact record, so the footer, the documents and the browser page details always show the same owner name, year and contact email.

3. Who Can Access This Module

Role	Can See Module	Can Use Module	Access Level (Own / Team / Organization)
Administrator	✅	✅	Organization (public content, same for everyone)
Manager	✅	✅	Organization (public content, same for everyone)
Employee	✅	✅	Organization (public content, same for everyone)
Custom Role	✅	✅	Organization (public content, same for everyone)
Not signed in	✅	✅	Organization (public content, same for everyone)

The legal pages do not need a permission and work without signing in. A visitor on the sign-in screen can open them from the footer.

4. Screens in This Module

#	Screen Name	Menu Path	Purpose	Visible To
1	Copyright Notice	Footer → **Copyright** (`/legal/copyright`)	Ownership, what is protected, what you may and may not do, how to ask for permission	Everyone, signed in or not
2	Terms of Use	Footer → **Terms of Use** (`/legal/terms`)	The conditions for using TaskFlow, including accounts, acceptable use, AI providers, speech input and governing law (India)	Everyone, signed in or not
3	Privacy Policy	Footer → **Privacy Policy** (`/legal/privacy`)	What data is collected and why, where it is stored, who can see what, security measures, retention and user rights	Everyone, signed in or not
4	Disclaimer	Footer → **Disclaimer** (`/legal/disclaimer`)	"As is" terms, limits on assistant output and suggestions, availability, limitation of liability	Everyone, signed in or not
5	Third-Party Licence Notices	Footer → **Licences** (`/legal/licenses`)	TaskFlow's own licence and a table of third-party components with their licences	Everyone, signed in or not
6	Legal footer (part of other screens)	Bottom of Sign in, Account Recovery and all in-app screens	Ownership line plus links to the five documents	Everyone

There is no side-menu entry for the legal pages. They are reached only from the footer or by typing the address.

5. Child Modules

#	Child Module	Purpose	Visible To	Document
10.1	Legal Documents	Show any of the five legal documents with a table of contents and a back link (screens 1–5)	Everyone, signed in or not	`10.1-Legal-Documents.md`
10.2	Legal Footer and Ownership Notice	Show the ownership line and the five document links below the main screens, and set the browser page details (screen 6)	Everyone	`10.2-Legal-Footer-and-Ownership-Notice.md`

The child documents are in the `10-Legal/` folder next to this file.

6. Permission Summary (Module Level)

Permission Key	Description	Administrator	Manager	Employee	Custom Role
(none)	Legal pages and the legal footer are public, so no permission key exists	Always On	Always On	Always On	Always On

7. Related Modules

- **Authentication** – the Sign in and Account Recovery screens show the legal footer (dark style), so visitors can read the documents before they sign in.
- **Dashboard** – the back link on a legal page returns a signed-in user to their dashboard (`/admin`, `/manager` or `/me`).
- **All in-app modules** – the application shell shows the legal footer below every signed-in screen.
- **TaskFlow Assistant (TFA)** and **Settings (TFA Settings)** – the Terms and Privacy documents describe how assistant questions go to cloud or local AI models and that provider keys are encrypted.
- **Communication (Mail)** – the Privacy Policy states that each user sees only their own mail.

8. Expected Outcome

Anyone, signed in or not, can read TaskFlow's Copyright Notice, Terms of Use, Privacy Policy, Disclaimer and Licence Notices from the footer on any main screen. The ownership statement "© 2026 Jojo George. All Rights Reserved." looks the same on every screen and document, and in the browser page details.
